STEVENS QUIZZED IN MURDER

Brother-in-law of Slain Minister
Under Third Degree

SPICY LOVE NOTE FOUND

No Tangible Clues in Hall-Mills
Killing Found

NEW BRUNSWICK. — (United Press.) — Willie Stevens, eccentric brother-in-law of the Rev. Edward Hall, millionaire pastor, who was found murdered beside his wife, Mrs. Mills, his choir leader, was quizzed until dawn by authorities today.

After an afternoon of questioning, Stevens was fired by the prosecutor Strickler. After six hours of examinations Stevens was allowed to return to the home of his sister, Mrs. Hall, the murder victim's widow.

Strickler stated he intended to take Stevens to the home of the Rev. Hall, the pastor of the church of St. John the Evangelist, and the home of the slain woman.

Mr. Hall would be re-examined by the prosecutor today.

The remaining of the plot of the murder mystery was started on orders of Governor Edwards, who forced a ship note to local authorities, ordering them to press the investigation. The governor was originally called to action by Charlotte Hall, an 17-year-old daughter of the slain choir leader.

SOMEONE HAS LIED?

Sampled by the "Lied" said Strickler today. "We're going to reopen this whole investigation."

He admitted that no tangible clues to the solution of the murder has been an effect since the bodies of the pastor and singer were found side by side under an apple tree on the deserted Phillips farm near here three weeks ago.

STEAMER IS BURNING

HALIFAX, N. S. — (United Press.) — The steamer Spedro is June 300 miles southeast of Cape Race, according to a radio message received here today by the Marine Fisheries Agent.

Fifteen empty dories were sighted at sea by the steamer Radiance, which encountered the blazing vessel yesterday but no trace of the crew was found.

GAME TODAY IN DOUBT

POLO GROUNDS, New York. — (Associated Press.) — Murk and mist lay cupped in the dark hollows of the Polo grounds this afternoon when the Yankees met the Giants in the 4th game of world series while Old Man Glavin sat in the clubhouse of the Yanks, who were reeling under two blows on the bat from the aggressive National League champions.

The American Leaguers were the home folks today and gave funeral welcome to the Giants who planned to make it four straight over their hapless foe and capture the crown of baseball.

The McGrawmen believe that Thursday's the game will be the nearest the Yankees will come to smelling a victory in this embroglio.

"We have got the Yanks on the dead run," said "Iefie" Groh, midget third sacker of the Giants, "and we will keep them on the run. The Yankees were supposed to have a five-starred pitching staff but I have not seen it yet."

A relentless mist closed in during the day, dampened the playing field, making prospects of a contest dubious and uncertain. The weatherman took a slant to the east and figured that the ocean breeze would bring showers before nightfall. The wind came in puffs from the east bringing with it an intermittent drizzle.

Henry Fabian, ground keeper, had the base paths, pitchers' and batters' box blanketed under heavy canvasses. The outer gardens were in need of rain and the drizzle served only to allay the dusty top soil.

International Complications Seen
in Ruling

(BY LAWRENCE MARTIN)

WASHINGTON. — (United Press.) — The United States government today set out to make the ocean dry — dry as the Sahara so far as all ships flying the American flag are concerned and equally dry for three miles off shore for foreign ships.

While Chairman Lasker of the shipping board, expressed gloomy forebodings about the wrecking of the American merchant marine as a result of the order issued to him yesterday by President Harding to stop selling intoxicants aboard shipping board vessels, leaders in the dry movement jubilated over the ruling.

Mr. Harding's order was made late in the day, following approval by a council of cabinet members and the president of a ruling drawn up by Attorney General Daugherty which held:

That under the 18th amendment and the Volstead law, it was illegal for any American vessel to carry liquor anywhere for any purpose.

That foreign ships entered American waters within three miles of shore also come under America's prohibitory laws and therefore must

SULTAN OF TURKEY HAS QUIT THRONE, REPORT

Mohammed Abdicates in Favor
of Cousin, Who Will be Known
as Medjid II.

SULTAN QUILTS

LONDON. — (Associated Press.) — A report that Sultan Mohammed VI of Turkey has abdicated was received early this afternoon by the Russian delegation here in a wireless despatch from Moscow. There is no confirmation of the report, but Moscow is believed to be in close communication with Constantinople.

The Moscow despatch which repeated a message from Angora says that upon his abdication the sultan named as his successor his cousin, Abdul Medjid Effendi, who will be known as Medjid II.

Since the successful campaign of the Turkish Nationalist army against the Greeks there have been several reports of the abdication of the sultan. In reply to these reports he declared in a letter to a friend on September 30:

"I shall continue to discharge my holy duties until the end. When the Nationalists enter Constantinople I shall have something pertinent to say to them."

Nevertheless, press despatches have continued to intimate his intention of abdicating in favor of his cousin Abdul Medjid Effendi.

HAYNES TO SPEAK

COLUMBUS. — Roy W. Haynes, federal prohibition commissioner, announced he will make one or more speeches in Ohio during the campaign which ends in November. The time and place will be announced later, he said.

SULTAN QUILTS

Sultan Mohammed VI of Turkey, shown here, is reported to have abdicated in favor of his cousin, Abdul Medjid, as a result of the political upheaval in the Near East.

POPE'S APPEAL

ROME. — Pope Pius XIII. Cardinal Gasparri has telegraphed both Mustapha Kemal Pasha and King George of Greece, asking them to do everything possible to avoid the resumption of hostilities. He also asked the Near Eastern governments in which the Vatican has diplomatic representatives to use their influence to prevent war.

FRANCE BACKING ENGLAND

Cabinets to Consider Agreement
on Near East

(By WEHR MILLER)

PARIS. — (United Press.) — France backed Great Britain against the Turks today.

It was officially agreed by Lord Curzon and Premier Poincare that the Kemalists shall not be permitted to enter Thrace until peace is concluded. The Greeks, it has been decided here, must start immediately the evacuation of Thrace. The allies will enter on the heels of the departing Greeks. One month after the latter are completely out the Turks may come in and set up a civil administration.

Their armies may not enter Thrace nor cross the Straits. This was the answer to Mustapha Kemal's ultimatum.

The Curzon-Poincare agreement was approved at a meeting of the French cabinet and instructions will be sent to Mudania where the allied terms will be handed to the Ottoman chief.

THRACE DEMANDED

The Turks demanded Thrace immediately. Lord Curzon hurried to Paris.

The French cabinet met immediately after tentative agreement had been reached by Curzon and gave its sanction to their plan. Curzon, who held three of the six telephone lines between Paris and London open all night, then got in touch with Downing-st.

The British cabinet, it was believed, will be called together immediately to discuss the tentative agreement.

An Easy Problem and a Good Bet

Tires cannot prove their worth until you give them a try-out. Then they are worth as many miles in dollar-satisfaction and dollar-service as they travel.

If, ordinarily, twenty dollars should buy 8,000 miles in tires for your car, then twenty dollars have done the work of forty if those tires run 16,000 miles.

Dayton Thorobred tires are out-running their guarantee all over the country, north, east, south, west. Furthermore, twenty, even thirty thousand miles, is no uncommon thing for Daytons to run over all kinds of streets and roads.

And did you ever stop to think that the lowest priced tires are often the most expensive? Did you know that Dayton Thorobred tires are very economical; that the first cost is no greater than ordinary tires and that they almost always give many thousands of miles more service than the guarantee calls for?

Check up on the tires you are now using. What did they cost and how far have they gone? Figure the miles-per-dollar you have gotten. Then put on a Dayton or two; drive them 10,000 miles; note their condition, and again figure the mileage cost. Note what a remarkable difference in service, the absence of tire troubles, punctures, blow-outs, frequent pumping up, etc.

Does it pay to substitute cotton for wool in buying an overcoat to withstand the cold, piercing blasts of zero weather? No. Then, it is just as wise to choose a good tire for your car—a tire you can depend on to withstand hard usage, long miles and give uninterrupted service.

Dayton Thorobred Tires, cords and fabrics, come in all sizes from the 30x3 up. Every tire is built with the same care and precision, every cord tire is covered by the same guarantee, every fabric tire is covered by the same guarantee.

Ask any motorist who uses Dayton tires what he thinks of them. We'll be glad to give you a list of Dayton tire users and have you call on them. It will make you a Dayton tire user too. Ebling Auto Supply Co., 213 West High St., Lima, O., Phone Main 2931.

WELTY CHARGES TO BE PROBED

Judge Becker Appoints Committee to Investigate Matter

TRUBEY RESIGNS OFFICE

Discards Official Titles Until Case is Settled

Investigation of the charges filed by former Congressman Ben F. Welty, against R. M. Trubey, assistant prosecuting attorney, was instituted Saturday by Common Pleas Judge Fred C. Becker, who appointed a committee of the Allen County Bar Association to go into the matter.

This committee is composed of H. C. Bentley, W. H. Lode, D. C. Henderson and M. A. Albright. They will make a thorough probe of the Welty charges and report their findings to the court.

Indications are the committee will take up the case at once. Trubey's resignation, which he made public, may not be accepted by the court, as is somewhat unusual in such cases.

TRUBEY RESIGNS

Filing of Welty's accusations were followed late Friday by Trubey's resignation as a deputy prosecuting attorney. Eugene T. Lippincott, in a letter to his chief, Trubey declared that in the face of the charges, he believed it his duty to step out until such time as his name was cleared.

Lippincott, accepted the resignation, on condition that Trubey accept the position if he is cleared of the charges. In a letter to his friend, Lippincott reiterated his confidence in Trubey's integrity, and in his ultimate vindication.

At the same time Trubey left his official position, he tendered his resignation as Dictator of Lima Lodge No. 199, Loyal Order of Moose, in order he said, that the progress of the lodge might not be in any way hampered.

Welty's charges proved a bombshell for the general public, on account of the sensational nature of the accusations made.

BEASTS PROVE TO BE WOLVES

Hardin-co Farmer Sees Them Carrying off Pig

MOUNT VICTORY.—The "lions" which were claimed by Mount Victory residents to be roving the community for the past fortnight have been identified as wild wolves who have a habit of stealing pigs, it is declared by Michael Phelps, Hardin-co farmer, who says he caught them stealing a pig in his house last night and his report was confirmed today by half a dozen other farmers whose pens have been visited by the animals during the night.

Phelps met the wolves when he went out to feed the swine. As he opened the gate two animals rushed out of the pen, one holding a squealing pig in its mouth, the other leading the way. Phelps shouted and started for the house. The beasts, frightened, started in another direction. They dropped their pig en route and leaped a fence into a pasture where they stampeded Phelps' horses.

Among those who actually saw the wolves on their pig theft raid last night were Mrs. Phelps, Mrs. Al Carrothers and her fifteen-year-old son, William, Frank Gohert, Riley Copeland and Tom Longberry.

Phelps declares he was within five feet of the animals as they fled. He says five of his young pigs have disappeared in the last week.

PLAN RECEPTION

Donahy to be Honored by Allen-co Democrats

Plans for the reception of Vice Governor Donahy, Democratic gubernatorial candidate, were made at a meeting of the county central committee in Democratic headquarters Friday night.

Donahy is to speak at a big Jeffersonian round-up and rally in Spencerville Thursday afternoon. He is to arrive in Lima early in the morning, however, and will be in the city until noon.

During the morning he will receive party delegations and confer with county leaders.

Every effort will be made, Lehigh Miller, chairman, declared to give Donahy a roasting reception, both in Lima and in Spencerville.

ONE CHANCE IN THOUSAND TO BECOME FAMOUS

Great Reach Pinnacle Past Half Century Mark, Expert Finds

(BY ROY GIBBONS)

CHICAGO.—(Special).—For 22 years, Albert Nelson Marquis and his faithful blue pencil have kept the publication "Who's Who in America" here, of which he is editor, publisher and founder, presiding over the hopes of the country's great and near great.

Today, after over two decades of close observation, Marquis has come to the conclusion that there is no shorter cut to fame, but that glory goes only to him who works and waits.

"That's it," he said with a cheery chuckle, "there is merely the reward of long perseverance and consistent accomplishment. Luck—I don't believe in it—and if there is such a thing, it enters only remotely into the possibility of any man's career becoming famous."

The current edition of "Who's Who," which is published biennially, contains some 25,000 sketches, or head-and-tail biographies of the nation's conspicuous citizens who have achieved success in a particular field, or have been elected or appointed to high federal or state offices.

From statistics he has compiled, Marquis estimates that the chance of anyone becoming great is one out of every 1,000 of the population.

RENOWNED AT DEATH

He also says that the ratio of eminence is greater in men who have passed their sixtieth birthday, and in women who have rounded the half-century mark.

As soon as a person dies his name is removed from "Who's Who." And the proud cognomen of old-timers is also given a funeral when the people who have been in the public eye as the wheel of political fortune turns over.

No one who knows Marquis enjoys him less. Each day he is called upon to placate scores of people who write demanding apologies, explanations and invitations to death—

with his own choice of weapons—advice from the Tenth Ward, and a thought of every of your book on purpose expecting to find you'd at

least given me honorable mention."

Another writer, a woman, and the mother of two sons, sent in a long sketch of the oldest boy of Marquis lately, pointing out that "Who's Who" would lose a valuable contribution if the article wasn't printed.

"Billy," as she called him, "has been elected captain of the high school football team, and you'll simply have to put him in your book."

THOUSANDS SEEK IT

"I get thousands of such communications," Marquis says, "and of course I can't print them. All our material is prepared from first hand information supplied thru questionnaires sent out of our own offices."

"We seldom use a voluntary biography. And even those that we request often come in duplicate with high-sounding phrases such as 'I am one of the best known men in'—for having omitted their names."

"Why haven't you got me in there?" demands one man. "I'm, I feel, my family has the largest collection of silverplate in the county."

Attorney General Daugherty which bans liquors from foreign ships entering the American ports, government officials and shipowners anxiously refrained from comment today.

Fuzzled recipient over the order, however, was sensed in government shipping circles.

There is a possibility that British ships will drop their cargoes of liquor at Canadian ports on the way to the United States and then pick the liquor stores up on the way back.

American passengers were shocked by the order of the attorney general. They are speculating on whether the order will become effective at a sufficiently early date to prevent homebound bottle traffic across the ocean and the usual party before the shores of dry America are reached.

Lasker said many people thought shipping board vessels were floating saloons and "hoose palaces."

SALES NOT LARGE

"A matter of fact," he said, "sale on liquor shipping board vessels has not been large. The people who traveled in our ships did not do so in order to become intoxicated, what they wanted was the knowledge that they could buy liquor if they wanted it."

Wayne B. Wheeler, general counsel of the Anti-Saloon League, said the decision is "sound law and good reason. It will help law enforcement greatly. It sustains the contention which we made."

Lasker said there is now only one hope of saving the merchant marine from the disastrous effects of foreign competition.

"The ship subsidy bill is now more than ever a necessity," he declared. "I trust this will be apparent to congress."

STREET ASSESSMENTS

DELINQUENT TO \$8,759

Delinquent street assessments to the amount of \$8,759.45 have been certified to the county auditor by Mrs. Josiah F. Jones, assistant city treasurer, it was announced Saturday.

Each of the assessments which was not paid on time will be liable to a 10 per cent penalty and will be collected by the county auditor when taxes are paid and turned over to the city.

Change of the place of collection from the court house to the city building is believed by Mrs. Jones to be responsible for the many delinquencies this year. Next year they should be reduced to a minimum.

GRANGE HONORS MEMORY OF LEADER KILLED RECENTLY

Meeting of the Shawnee Grange, Friday, the Shawnee house, was in the nature of memorial service for Ira Coon, former worthy master, who was killed in an accident Sept. 7.

A memorial address was given by Clarence Breese and a response in behalf of the bereaved family by W. A. Russer. The chair of the worthy master was draped in black and will remain so for 30 days in honor of the deceased worthy master.

The following program was given: Song, "Lead Kindly Light," by the Grange; Musical reading, by Mildred Rowser; Vocal selection by Ruth Adams, violin solo by Dorothy Longworth and Mrs. Trau; Song, "A Perfect Day" by the Grange.

APPEAL TO HARDING

ATHENS.—The Thracian representatives in the Greek chamber of deputies have cabled President Harding and the American congress asking them to use their good offices in an effort to secure effective guarantees for the protection of the Greek, Armenian and other Christian populations in eastern Thrace in the event the Greeks evacuate the province.

Albert Nelson Marquis, whose blue pencil and book "Who's Who in America" chronicle the famous men and women of this country.

"Naturally we don't print panegyrics such as that either, but set the blue pencil to work and start boiling down."

Marquis thinks that men are just as egotistical as women when it comes to talking about themselves.

It is also confident that equal sacrifice and the growing tendency of women to march more into the affairs of things will greatly aid them in bridging the disparity which has always existed between them and men in the number of figures before the public eye.

HERE ARE REQUIREMENTS

Requisites for admission of any name into "Who's Who," Marquis says, include creditable personal endeavor in a recognized field of effort, or else an acknowledged and conspicuous place in a prominent office.

In the first class are artists, writers, singers, lecturers, philanthropists and business executives. In the second grouping automatically go the names of army and navy officers over a certain rank.

statinople," says the letter, "not by our own action alone but by the will of the allied powers which won the war and America is one of those powers."

"We cannot alone act as the policeman of the world. * * * Our duty will be to say plainly to France that if she is not prepared to support us, we shall be unable to bear the burden alone, but we shall have no alternative except to imitate the government of the United States and request our attention to safeguarding the most immediate interests of the empire."

APPEAL TO AMERICA

CONSTANTINOPLE.—(United Press).—Appeal to American public opinion to believe in Mustafa Kemal, in an hour when "chances of war or peace are 50-50" was made today in an exclusive statement to the United Press by a French negotiator, who was hurrying to Mudania for resumption of the armistice conference.

The allies went to the meeting place today to answer Kemal's ultimatum that he must have Thrace at once. They had instructions from their governments to refuse this demand but to avert a clash.

The French delegate, declaring it

It is anticipated here that Mustafa Kemal will back down and accept the latest proposal in face of the solid front of the allies.

After the ultimatum ordering the Turks not to cross the Straits is presented, it is expected that the Greeks will be notified to start evacuation as soon as possible.

SENSATION CAUSED

LONDON.—(Associated Press).—A sensation has been caused by a letter from Andrew Bonar Law upholding the British government's attitude in the Near Eastern crisis, which is given conspicuous publicity in all the London newspapers today.

The pronouncement is widely held to be equivalent to a direct threat to withdraw the British troops from the Rhine and completely terminate the entente unless France comes into line with the British policy in the Near East, and it is surmised cabinet members, especially Prime Minister Lloyd George, had something more than mere previous knowledge of the launching of this utterance at the moment of Foreign Secretary Curzon's mission to Paris.

"We are at the Straits and Constantinople."

Editor of Who's Who Analyzes Approach to Top of Ladder

Ambassadors to foreign countries and members of the consular service assigned to important posts are also included, as are foreign singers and artists who make regular visits to America, and high government officers.

Investigators working under Marquis are constantly on the lookout for new names to add to the long list of famous ones. They are employed to read scientific papers and other manuscripts to give them leads.

In brief, to get into "Who's Who" as Marquis puts it, you first must have attracted favorable attention of the public along some worthy line. There is no bar to age, religion or race. And money won't buy your way in. Marquis has turned down scores of bribes.

One of the most remarkable facts to be gained from a perusal of "Who's Who" is that men over 90 have tied youths between 20 and 30 in the pursuit of glory.

LEAVE HOME TO GROW

Other figures taken from the work indicate that the majority of people who have made good—or become famous—leave their own home town and state soon after doing so, and migrate elsewhere—usually to New York.

"Which might be taken," Marquis says, "as a reverse of the old adage, that a town is without honor with its own prophet."

More than 72 per cent of all names listed in the book are those of college graduates, which Marquis points out as a poignant argument in favor of higher education.

Marquis himself has printed three years ago, at the urgent request of hundreds of subscribers, after having kept out for over 19 years.

But unlike others, who must tell their correct age as a requisite for admission, he refused to disclose his nearest birthday on the ground of editorial privilege.

"Who's Who," he says, "is not a social blue book, nor is it a financial record. It is merely intended to set forth briefly the essential facts about who is who."

The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells which are likely to become permanent, causing imbecility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying powers are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decried, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics.

Castoria contains no narcotics if it bears the signature of Dr. J. C. Fitcher. Genuine Castoria always bears the signature of Dr. J. C. Fitcher.

OLD BANKS HOLD FIRST PLACE

Conservatism is Still Motto of Crocker's California House

EMPLOYS NO NEW FRILLS

First National of New York, a Parallel Case

BY B. C. FORBES

NEW YORK, (Special) — The Police and Fire Departments of New York City stopped the issuing of tickets for the American Bankers' Association Ball last night. Demand was so overwhelming that had the lot not been closed down on the issuing of more tickets, serious trouble might have broken out.

Some five thousand managed to get hold of the coveted tickets, but ten thousand wanted to be there. The men's hall was ever more thronged.

The indifference of Herbert Hoover, who was to have been the guest speaker Friday, caused keen disappointment. It was explained that he got a far as New York in waiting to talk, but saved in Little wonder, for Hoover certainly has been plowing his way thru mountains of work since he took the helm of the department of commerce.

Talking about banking, isn't this a curious fact? The two most profitable banks at the opposite seaboard of the country—one in New York, the other in San Francisco—are tremendously old fashioned.

The oldest fashioned bank in New York is the First National, headed by George F. Baker, now in his thirty-third year, but still the chief of the bank. He went to work for the bank in 1901, and has since then been a part of its growth and success.

They had a half thousand miles from the coast to another bank which the published statements show had a net profit of \$1,000,000 in 1931, a record for all other National banks in the United States.

It is said that from the start of the year, Mr. William H. Crocker, of the well-known Crocker family of California, and, curious enough, Mr. Crocker is quite as successful in his banking ideas as George F. Baker, notwithstanding that Mr. Crocker is a relatively young man—just turned 40.

Mr. Crocker's bank has attracted accounts more notable for their size, than magnitude, than any other bank in the country. The Baker bank has a few of the accounts of the country, but Mr. Crocker's bank has a lot of wealthy individuals and corporations.

The Crocker bank really was started by giving Will Crocker, who was then a job, Mr. Crocker's last name was a successful merchant in Sacramento, Calif., but in this fortune by joining a third of four others in building the Central Pacific Railway.

MARKET TREND IS STILL UPWARD

Irregularity and Profit Taking Fail to Break Rise

NEW YORK. — Operations of opposing speculative forces gave the stock market a mixed session today, but the ultimate trend was again upward. The usual week-end profit-taking aided the short interests who centered their attack on the shipping shares. Temporary weakness also was noted in Corn Products, Atchafalpa, Norfolk and Western, Associated and Tidewater Oils, American Tobacco, American Car, Pullman and Famous Players, but the list turned upward before noon in response to another demonstration in Standard Oil shares. New Jersey was pushed up 7 3/8 to 228 3/8, a new high record and gain of 1 3/4 to 4 points were registered by Sinclair preferred, also at a new high. Standard Oil of California, Mexican Petroleum, Fisher Body, Gulf States Steel, U. S. Rubber, Kelly Springfield and Southern Railway common and preferred, the latter at a new top. The closing was firm. Sales approximated 450,000 shares.

Attorney General Daugherty's ruling against transportation of liquor on ships entering American ports had a depressing effect on shipping shares. Marine preferred dropping 3-8. American Ship and Commerce 1-4 and United Fruit 1-2. Coppers also were weak. Utah leading 1-2 points and Anaconda yielding fractionally. Losses of a point or more also took place in American Telephone, Houston Oil and Norfolk and Western.

CHILD STILL UNCONSCIOUS FROM BLOW BY MACHINE

Norman Conine, 12, son of Mr. and Mrs. William Conine, of Ottawa, remained in an unconscious condition Saturday at St. Rita's hospital where physicians hold little hope for his recovery. He was injured by an auto and hurled to the pavement. His mother, who was just a few feet away at the time of the accident, rushed to the aid of her son. He was knocked unconscious by the force of the blow and has remained in a state of coma, since Tuesday. He was brought to St. Rita's hospital Friday where an examination disclosed a blood clot on his brain.

TWO TRAFFIC RULERS GET TEMPORARY SHIFT

Two more traffic officers on the police force have been shifted to beats. Chief Thomas A. Lanker, announced Saturday. Officer Mike Laughlin, who sustained a slight injury to his side when a careless motorist backed into him, will act as a patrolman temporarily. No one will be detailed to replace him. Officer H. G. Pollock has been transferred to a beat at his own request. Traffic duty is hard work, he told the Chief, and he asked for a change for a while. Officer William Houtz, former traffic man, suspended after he was alleged to attempt to influence city officials to force Lanker to restore him to traffic duty, will probably return to his beat Wednesday, the date when his suspension expires.

THE TURKISH PROLETARIAT HAS WON A GREAT VICTORY, says a telegram sent by the Federated Soviet Republics of the Caucasus to Mustafa Kemal Pasha at Ankara congratulating him on the military successes of the Nationalists.
